## Preface

- Advance Size Chart is very useful to customer to view product size chart and this extension give size advise from user selected measurement and its also help customer to choose perfect size suggestion for them. Many other functionality like custom image of content as size chart, use pop-up or display by default etc.
- Display inline or in pop-up.
- Use size chart display with size chart adviser to help customer to select size for product.
- Size chart have product, category and rule filter to display in front-end.
- Define size standers and dimension for Size adviser to calculate size as per customer measurement.
- Size adviser , Size Standard , Size Dimension, and Size Chart management.

## Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

**Option 1:** Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory.  
If code directory does not exists then create.

**Step 3:** Disable the cache under System → Cache Management.

**Step 4:** Enter the following at the command line:  
php bin/magento setup:upgrade  
php bin/magento setup:static-content:deploy

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Size chart.  
The module will be displayed in the admin panel.

**Option 2:** Magento 2 install extension manually.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory.  
If code directory does not exists then create.

**Step 3:** Disable the cache under System → Cache Management Edit  
app/etc/config.php file and add one line code: 'Mageants\_size chart' → 1

**Step 4:** Disable the cache under System → Cache Management

**Step 5:** Once you complete above steps log out and log in back to the  
admin panel and switch to Stores → Configuration → Mageants →  
Size chart, the module will be displayed in the admin panel.
